### Family PACT

Ask the Experts webcasts are offered to Family PACT providers and staff to provide updated information and an opportunity to ask questions on a variety of topics related to the Family PACT program. Webcasts are interactive internet-based teleconferences utilizing your computer and phone.

### Four Ways to Participate:

1. For those with computer access, log on to <https://familypact.webex.com> to register online and gain an access code/toll-free phone number. If you need to set up WebEx on your computer for the first time, you should do this at least 5 days before the training. Then, on the day of the training, log on by 11:45 a.m. and view the presentation on your computer and listen on the phone.
2. For those without access to a computer at session time, log on to <https://familypact.webex.com> within one week prior to the training to download the presentation and get the toll-free phone number to call in. View your printed copy and listen on the phone on the day of the training.
3. For those without access to a computer, fill out the registration panel on this brochure and call 1-877-FAMPACT (1-877-326-7228) to have materials and a toll-free number sent to you to call in. View your printed copy and listen on the phone on the day of the training.
4. Log on to [www.familypact.org](http://www.familypact.org) after the training date to complete the on-line registration process and gain the access code to watch and listen on-line at your convenience.

# Ask the Experts Webcast: Family PACT Laboratory Benefits

## Course Description

This session will review the laboratory screening tests available in the Family PACT Program for women and men using all contraceptive methods, as well as diagnostic tests available for selected sexually transmitted infections, UTIs, and colposcopy. The circumstances that require a clinician to specify an ICD-9 code for a secondary diagnosis on the lab test request form also will be reviewed.

## Target Audience:

- Clinicians
- Administrators
- Office Managers

## Objectives

As a result of this training, participants will be able to:

1. Identify the screening laboratory tests available in Family PACT for users of various contraceptive methods.
2. Describe the diagnostic laboratory tests available as a Family PACT benefit and their appropriate use.
3. Identify the information Family PACT providers must supply to laboratories for the labs to successfully complete submission of their claims.

## Registration Form (You may duplicate if necessary)
